

Phoenix Flyers Pattern Report Saturday October 7th 2017

This is the last comp before the State Championship next month on November 4th. It has been a very successful year with only a couple of date changes and cancelled events in the south at RFAM. The weather last Saturday was such a perfect day for the comp there was no problem flying four rounds. That was very surprising as the weather leading up to the comp was not very suitable for any type of flying. We only had Michael and Tony from RFAM this time as the rest of the southern had other duties, let hope they can make the trip for the State Comp. The day was very competitive with excellent flying from all, including great result from Steve Cochrane flying with Scott Kay in his first comp in F3A well done Steve. Also, great to see Stephen Barrow gaining his promotion up to Advance, great job Stephen keep it up. Steve Reece and Ben Goode also move up to F3A which means that Scott has three other flyers to deal with now well-done guy's. Congratulations to all the place getters with Michael taking out Advanced in his second comp, great also to have David Cook back after having many items stolen which has kept him away from comps. I have posted the new schedules for 2018 on the TPF website there is a link at the bottom of the report to the website. So, from next year there will be all new schedules and this also applies to Sportsman with some turnaround manoeuvres have been added and others taken out. I look forward to catching up at the State Champs and I will be at the field getting some much-needed practice.
