

2016 Tasmanian State Pattern Championships Report 27th Feb

What a great start to the year with a very successful State Championship, it was not looking like it would go ahead as for most of the week the winds were 20km plus. As it turned out it was a perfect day with very light winds from the north and plenty of sunshine, it doesn't get much better than this.

Started with two rounds of Sportsman during which Tony Sheppard first landing ended up just off the strip which broke the undercarriage. But in true aeromodeling style back to the pits for a repair this became a regular task as each landing there after the same thing happened. Well done Tony what a great job you got thru the four rounds. This was the first competition this year with new schedule for Advanced and above, very testing for many I know as I was having some problem as not as much practice as I would like. But at the same time Ben Goode in his first comp in Advanced received his first promotional point well done Ben, look out Steve C & R I am heading your way.

Eleven pilots completed four rounds; it was great to have a Stephen Barrow from Greensborough aero club in Victoria now living in Hobart welcome to Tasmania pattern. Stephen also won the Sportsman class and also gained a promotional point in his first comp well done; he will soon be heading into advanced class I would think It was unfortunate that some other flyers that would be competing were unable to attend but has been a very good competition.

This year we are off to good start with numbers growing in Pattern within the State lets work together to improve our numbers. In combination with our trophy prizes we great support and sponsorship from our local hobby shop **Tiger Model & Hobbies**. Thanks to D'Wayne and staff for the gift vouchers for all prize winners, it is good to have a local shop prepared to support events like this. So I think it is timely that I ask all of us to give back support where possible. If you're after a better price on an item just asks D'Wayne to see if they can match it, it's worth a try. Congratulations to place winners and also to Steve Reece for gaining a Promotional point in Expert well done Steve keep it up. Ben Goode and Stephen Barrow also with promotional points with Scott just shy of a promotional retainer bad luck Scott.

As always my special thanks to support from the pilots doing there share in the judges chair Peter Allan you have done well although it may seem hard. To Tina Reece for the great scoring job and Scott for looking after the programme, and lets not forget the lunch Guru Darrel and helpers on the day Thank You all. We look forward to the next Comp 23rd April not far off guys keep up the good work. Don't forget to keep a check on the Tasmanian Page on the APA website from time to time for updates and also our own PFL website, I will send items to Michael when available.

Andrew CD
